

In the beginning

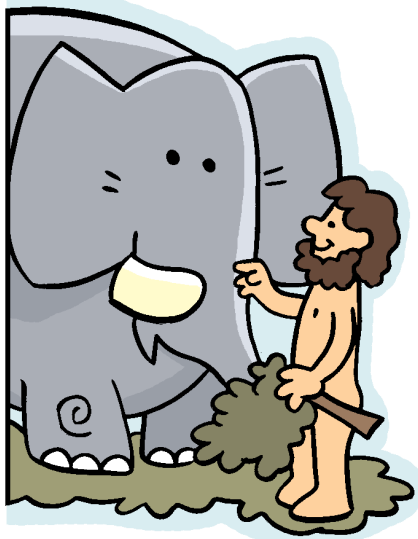

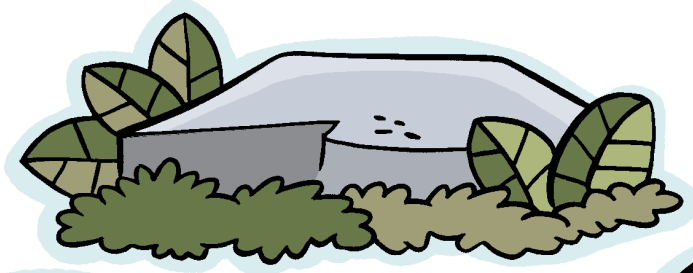

In the beginning, God created our world. He created the light and the heavens, and also He created our planet, the earth. God created the plants: the grass, the trees, and the flowers, etc.

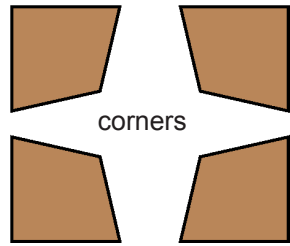

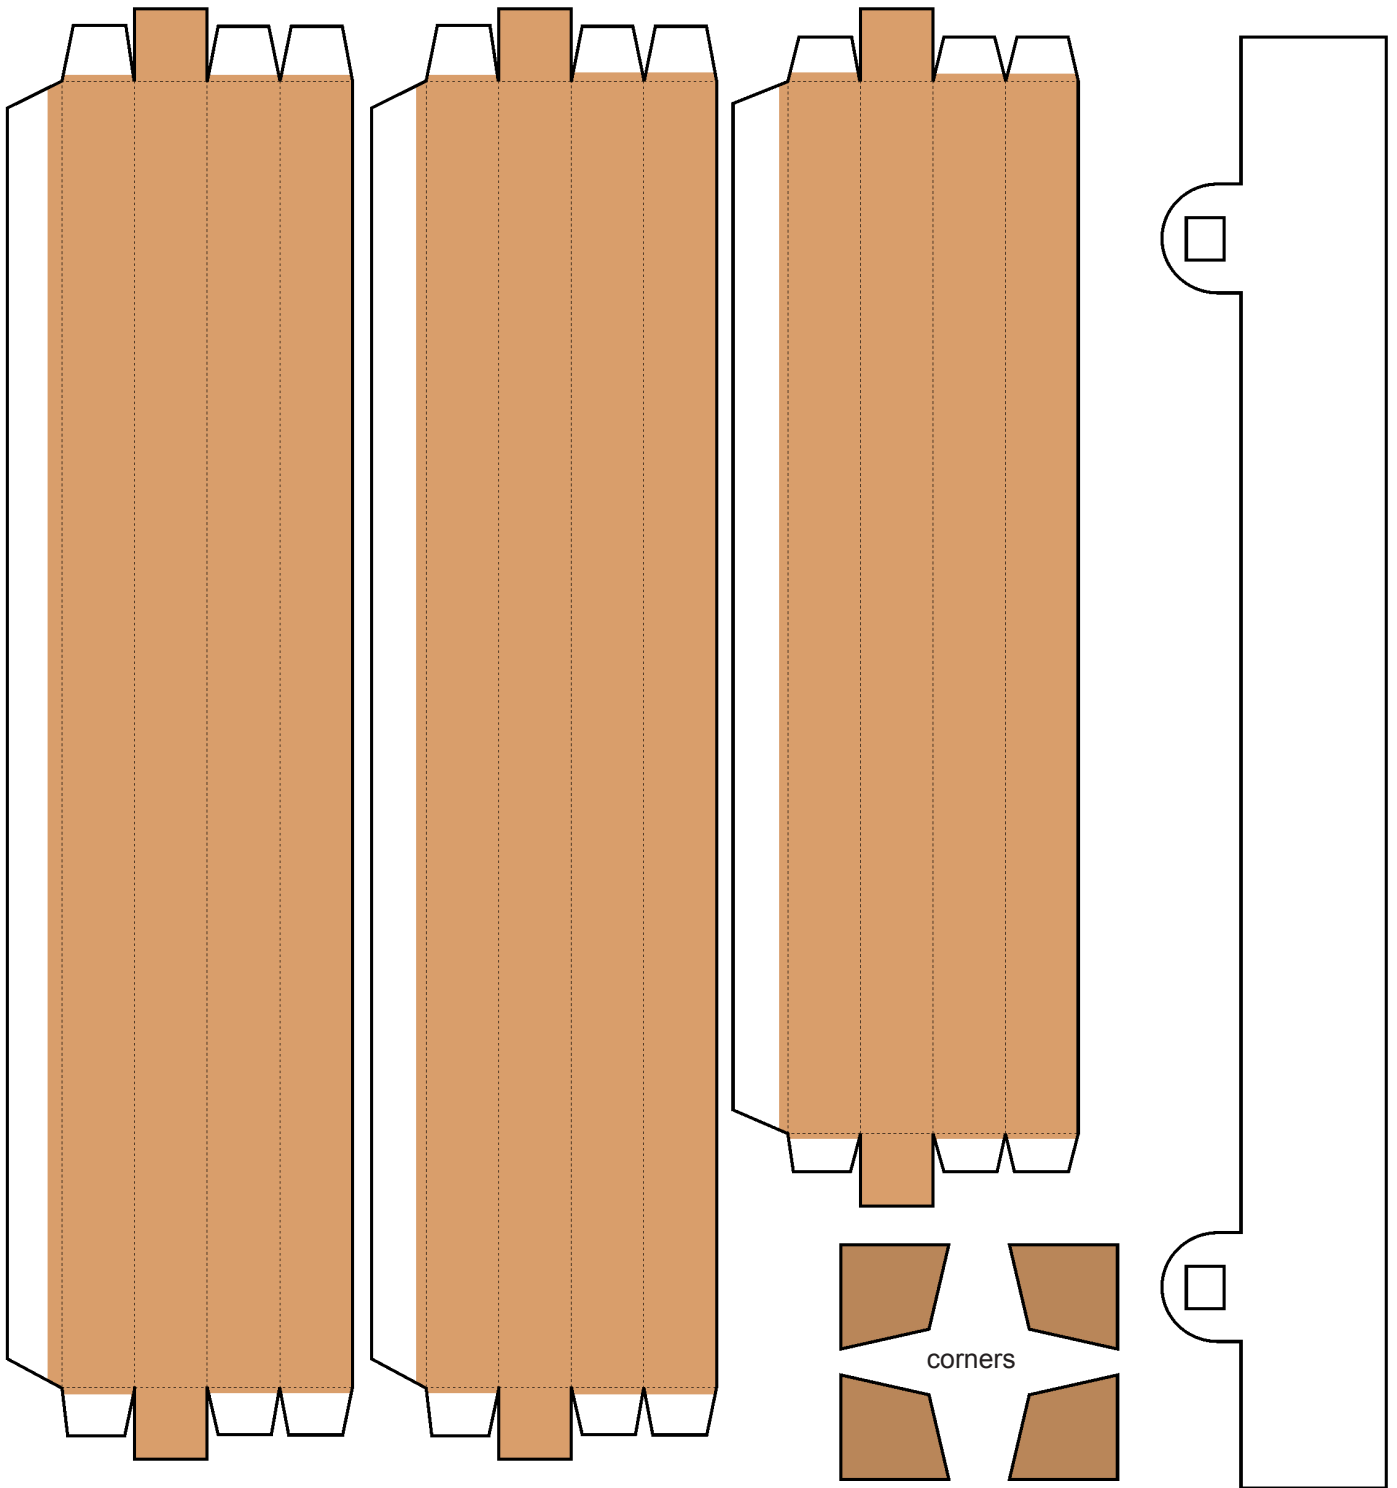

God also created the sun and the moon, and other stars and planets. He created all creatures that live in the water and fly in the air, and creatures that live on the ground.

And finally God created the first man, Adam, and the first woman, Eve and gave them a wonderful garden to live in, the Garden of Eden.

But an enemy of God, the devil, in the shape of a serpent came also into the beautiful garden to test Adam and Eve with their first temptation.

You can read these events and the story in the book of Genesis, in chapters 1, 2, and 3.
